

REDUCE EYE WRINKLES, BAGS, & DARK CIRCLES NATURALLY

Improve the visual brilliance of your eye area with our Firming Eye Complex Cream. Crafted with Glycerin, Sweet Almond Oil, LIFT Oléoactif, and a selection of Botanical Extracts, this product targets typical eye area issues. It aids in decreasing the appearance of under-eye bags and puffiness, and works to lessen the presence of crow's feet and other fine lines and creases surrounding the eye.

ENHANCE

GLYCERIN – a potent natural humectant that draws water into the outer layers of skin for healthy moisturizing.

SWEET ALMOND OIL – an oil extract from almond nuts that is high in free fatty acids and far superior to various synthetic alternatives.

VITAMIN E – a well-known and researched antioxidant for the skin, it helps to nourish and protect your skin from radical free damage.

LIFT OLÉOACTIF – uses the powerful substances found in *Spilanthes acmella* and *Astragalus membranaceus* to refresh your skin by fixing the collagen structure and improving the skin's surface. This all-around lifting process fights both natural and aging-related skin changes, focusing on the main signs of skin aging. It makes the skin smoother and tighter, reduces deep wrinkles, and fixes small lines. The quick lifting effect is fast and gets stronger with regular use. It improves the skin's quality, even when used in small amounts or on old skin. It doesn't irritate the skin or eyes, so it's good for daily use.
