

A LIGHT WEIGHT BUT RICH MOISTURIZER FOR DAILY USE

Reviva's Ultra Rich Ultra Light cream is an alcohol-free moisturizer with a light texture but rich hydration. It contains hyaluronic acid, Vitamin C, and Lactic Acid, improving skin texture and protecting against pollutants, free radicals, and moisture loss. It's lightweight enough for under makeup use or as a standalone day cream.

HYALURONIC ACID - a powerful humectant that retains and draws-in moisture to the skin.

GLYCERIN - a potent natural humectant that draws water into the outer layers of skin for healthy moisturizing.

LACTIC ACID - an alpha hydroxy acid that helps to slough off the outer "dead or damaged" layer of skin cells to improve the appearance of fine lines, wrinkles, and texture while aiding in moisture retention.

SODIUM ASCORBYL PHOSPHATE - a stable form of Vitamin C that is water soluble - it offers antioxidant benefits and aids in brightening uneven skin tones. It's considered a gentler version of Vitamin C.

SESAME OIL - is highly beneficial for skin, boasting anti-inflammatory properties. Its antioxidants help combat skin aging while its emollient qualities deeply moisturize, promoting a healthy, youthful complexion.
