

CLEANSE & **REFRESH** YOUR COMPLEXION WITH **SEA SALT**

This gentle, soothing cleansing gel helps calm, and cleanse your face with mineral rich sea salt. Sea salt helps cleanse pores, balances oil production, thwarts bacteria, and mildly exfoliates leaving your skin feeling clean and refreshed. Washing your face will feel like a day at the beach with the tingly after glow of the ocean's mist.

SEA SALT - Sea salt is naturally laden with minerals, including magnesium, calcium, sodium, and potassium, which are all beneficial to skin's health and function. Sea salt is a gentle exfoliator that clears away grime and flushes pores.

Salt is helpful in absorbing oils and it thwarts bacteria build-up. Just like after a day at the beach sea salt helps refresh the complexion leaving skin glowing and healthier.

GLYCERIN - a potent natural humectant that draws water into the outer layers of skin for healthy moisturizing.

GREEN TEA EXTRACT - a natural antioxidant and rich polyphenol shown to soothe and calm skin. It also aids hydration and anti-aging.

CUCUMBER EXTRACT - this natural plant has skin conditioning properties. It offers additional hydrating and soothing benefits.
