ELASTIN COLLAGEN SKIN TONER

KEHE: 00022348

Use after cleansers on dry skin, this unique, alcohol-free toner gently stimulates, refreshes, refines, restores acid balance and more! Ideal for face & throat – it's infused with Vitamins A & E. Its elastin and collagen help prepare skin for application of active creams or serums used afterwards. It's an ideal freshener for mature skin.

0 87992 11147 1

4.2% GLYCOLIC ACID TONER

KEHE: 00012862

A special exfoliating & hydrating toner that provides extra cleansing and the perfect pH balance, along with Glycolic's natural benefits for smoother, fresher-looking skin. This unique formula is enriched with soothing emollients to avoid unpleasant stinging.

0 87992 11241 6

3% GLYCOLIC ACID CLEANSER

KEHE: 00012880

A deep-acting cleanser for aging, sun-damaged, or blemished skin. So versatile, it even works for normal, oily, and problem skin. The Glycolic Acid provides mild exfoliation while it deep cleanses and promotes a more radiant looking complexion.

0 87992 11245 4

VITAMIN E OIL E-STICK

KEHE: 00012856

Our Vitamin E Oil E-Stick has been designed to naturally protect your lips which are vulnerable to drying. But it can also be used under eyes, on cheeks, or any place that's exposed. It's natural beeswax base and soothing formula containing soy, Vitamin E and allantoin will help to rehydrate dry lips while soothing them too.

0 87992 11117 4

EYE COMPLEX FIRMING CREME

KEHE: 00012878

Firm and smooth the appearance of your entire eye area with our Eye Complex Firming Creme. Helps diminish the look of bags and under eye shadows and puffiness. Reduces the appearance of crows feet and the fine lines and wrinkles around the eye.

0 87992 11204 1

HIGH POTENCY VITAMIN C SERUM

KEHE: 00320379

Our triple-source Vitamin C Serum combines Aminopropyl Ascorbyl Phosphate, Ascorbic Acid, and Sodium Ascorbyl Phosphate to brighten dull tone and fade the look of dark spots. Antioxidants support collagen and help address existing environmental damage while defending against future stressors.

0 87992 12087 9

INTERCELL™ HYALURONIC ACID DAY CRÈME

KEHE: 00022305

Our InterCell Day Cream works with the liquids you drink to provide hydration to the skin via hyaluronic acid. The result is better moisturized skin that appears softer and more supple. Reviva's InterCell Day Cream also forms an invisible shield that helps combat free radicals and environmental damage.

0 87992 11121 1

FIRMING FACIAL SERUM (5% DMAE CONCENTRATE)

KEHE: 00142423

Higher-potency Dimethylaminoethanol (DMAE) concentrate is ideal at helping skin to appear more firm and tone – especially the throat and facial area for a more supple, more youthful look.

0 87992 11385 7

HIGH POTENCY COLLAGEN SERUM

KEHE: 01429281

High Potency Collagen Serum boosts moisture and softens the look of fine lines and wrinkles. Soluble collagen and hyaluronic acid absorb quickly, layer under creams or serums, and help improve texture with consistent use.

0 87992 11981 1

VITAMIN K CRÈME

KEHE: 00008962

Vitamin K, Soybean Oil, and a complex of skin-smoothing fruit extracts help reduce the appearance of bruised skin, while improving your overall skin and/or complexion. Vitamin K is also beneficial for under eye dark circles and our cream can be used under the eyes to help alleviate the appearance of under eye dark circles.

COLLAGEN NIGHT CRÈME

KEHE: 00012860

Reviva's Collagen Night Cream utilizes a potent hydrolyzed collagen to improve absorption while soothing and moisturizing dry skin as it improves the appearance of your complexion. Our Collagen Night Cream deeply hydrates the skin, leaving it looking revitalized and rejuvenated.

FIRMING FACIAL CRÈME

KEHE: 00122045

Reviva Labs' Firming Facial Crème uses Alpha Lipoic Acid, Vitamin C Ester, and DMAE to support a firmer, more supple look. CoQ10 and Palmitoyl Tripeptide-5 help refine texture and tone while delivering light hydration. With consistent use, skin appears refreshed, revitalized, and balanced.

FIRMING EYE SERUM

KEHE: 00133652

Reviva's Firming Eye Serum targets the delicate eye area with DMAE, peptides, and antioxidants like Alpha Lipoic Acid, CoQ10, and Vitamin C Ester. It helps soften the look of lines, dark circles, and puffiness, while a bioflavonoid-peptide complex supports a brighter, more refreshed appearance. Gentle enough for daily use, it leaves skin smooth, toned, and revitalized.

HYALURONIC ACID SERUM

KEHE: 00154807

This high-potency serum helps soften the look of lines and wrinkles by flooding skin with hydration. Hyaluronic Acid draws in and holds impressive moisture, visibly plumping the complexion so it feels smoother, firmer, and more supple. It's an effective choice for skin that struggles to stay hydrated.

10% GLYCOLIC ACID CRÈME

KEHE: 00012871

This AHA cream delivers daily exfoliation with 10% glycolic acid to smooth aging, sun-damaged, or blemished skin. Its balanced blend of free and buffered acids promotes steady cell turnover while conditioning ingredients help limit irritation. The result is an effective exfoliating moisturizer suitable for many skin types.

ELASTIN + DMAE NIGHT CRÈME

KEHE: 00012863

Elastin + DMAE Night Crème blends hydrolyzed elastin with DMAE to help skin look firmer and smoother over time. This rich overnight crème targets the face and throat, where slackness often shows first. For best results, use nightly and alternate every two weeks with Reviva's Collagen Night Crème to support a more balanced, youthful-looking complexion.

ROSEWATER FACIAL SPRAY

KEHE: 01254408

A multipurpose hydrating rosewater toner with natural rose extracts makes this facial spray refreshing and stimulating. A moderately priced soothing facial mist moisturizer inspired by aerosol cans of French Spray Water.

KOJIC ACID BRIGHTENING CRÈME

KEHE: 00545871

Reviva Labs' Kojic Acid Brightening Crème is a gentle, effective formula designed to help improve the look of uneven skin tone and dark spots. Powered by Kojic Acid—paired with skin-nourishing natural oils for enhanced absorption—this daily-use crème promotes a visibly brighter, more radiant complexion.

DARK SPOT BRIGHTENING SERUM

KEHE: 02514473

Dark Spot Brightening Serum blends eight proven brighteners, including niacinamide, glycolic acid, kojic acid, arbutin, vitamin C, resveratrol, bearberry, and licorice, to help fade the look of discoloration and uneven tone. Antioxidants and emollients support smoother texture and help defend against visible environmental stress.

MULTI-FACTOR BRIGHTENING CRÈME

KEHE: 00388233

This concentrated brightening crème pairs azelaic and tranexamic acids with kojic acid and niacinamide to help visibly improve discoloration, dullness, and uneven tone. It supports a smoother, more radiant-looking complexion and helps fade post-blemish marks so skin looks clearer and more even over time.
