

A TRIPLE DOSE OF VITAMIN C DELIVERS ANTIOXIDANTS & MORE

Reviva Labs' Vitamin C Serum features Aminopropyl Ascorbyl Phosphate, Ascorbic Acid, and Sodium Ascorbyl Phosphate to deliver a triple dose of "Vitamin C". This triple antioxidant is also a gentle, effective skin brightener that reduces the appearance of dark/age spots. It also helps promote collagen synthesis and corrects existing environmental skin damage while also combating future damage.

PREVENT

SODIUM ASCORBYL PHOSPHATE

- a stable form of Vitamin C that is water soluble - it offers antioxidant benefits and aids in brightening uneven skin tones. Considered a gentler version of Vitamin C it can also help improve blemished skin when used at concentrations 1% and above.

AMINOPROPYL ASCORBYL PHOSPHATE

- a stabilized form of Vitamin C created by combining ascorbic acid (pure Vitamin C) with 3-aminopropyl dehydrogen phosphate (3-APPA) - it has all the benefits of pure vitamin c: antioxidant, collagen booster, fine line reducer, and brightener.

ASCORBIC ACID - also known as L-ascorbic acid, is a powerful antioxidant that naturally occurs in abundance in your skin. When used topically in concentrations below 2% it helps to improve the appearance of uneven skin tone, fine lines, and imparts its antioxidant action.

HYALURONIC ACID - a powerful humectant that retains and draws-in moisture to the skin.

MORUS ALBA (MULBERRY) LEAF EXTRACT - offers antioxidant benefits, calms signs of irritation, and potentially fades skin discolorations and uneven tone.

INGREDIENTS: Purified Water, Sodium Ascorbyl Phosphate (Vitamin C), Hydroxyethylcellulose, Aminopropyl Ascorbyl Phosphate (Vitamin C), Polysorbate 20, Sodium Hyaluronate (Hyaluronic Acid), Orange Oil, L-Ascorbic Acid (Vitamin C), Glycerin, Butylene Glycol, Morus Alba (Mulberry) Leaf Extract, Equisetum Hyemale Extract, Hops Flower Extract, Rosemary Leaf Extract, Lemon Peel Extract, Pine Cone Extract, Benzyl Alcohol, Ethylhexylglycerin.
