

EFFECTIVE AND GENTLE DAILY EXFOLIATION & MOISTURIZING

This alpha hydroxy acid (AHA) cream features 10% glycolic acid to deliver gentle, daily use exfoliation. Glycolic acid quickly exfoliates by promoting cell turnover to deliver visible benefits for aging, sun-damaged, or blemished skin. This formula balances free-acid and buffered acid along with nourishing and skin conditioning ingredients to minimize the potential for reactions. It's the perfect combination of exfoliation and soothing moisturizer for a wide variety of skin types.
